Section(s) from Governor’s Recommended Budget now withdrawn in the Restatement:

Sec. E. 711 2019 Act 72 Sec. E.711.1(a) is amended as follows:

EXPLANATION: Updated project amount reflect current estimates.

Explanation for withdrawal: This statutory change was made in Act 120.

Sec E.701: PILOT

32 V.S.A. § 3708(d) is amended to read:

(d) Beginning in fiscal year ~~2022~~ 2023, and thereafter in periods of no less than three years and no greater than five years, the Secretary of Natural Resources shall recommend an adjustment to update the base payments established under subsection (c) of this section consistent with the statewide municipal tax rate or other appropriate indicators. For years that the Secretary of Natural Resources recommends an adjustment under this subsection, a request for funding the adjustment shall be included as part of the budget report required under section 306 of this title.

EXPLANATION: Given the current COVID-19 crisis, and associated fiscal challenges, ANR is recommended that the review of the base payments be shifted to FY 2023.

Sec. E.702: ATV Use on Frozen Water Bodies

23 V.S.A. § 3502 (a)(2)(E) is added to read:

§3502. REGISTRATION AND TRAIL ACCESS DECAL (TAD) REQUIRED EXCEPTIONS

(a)(1) Except as otherwise provided in this section, an individual shall not operate an ATV on the VASA Trail System, on State land designated by the Secretary pursuant to subdivision

3506(b)(4) of this title, or along any highway that is not adjacent to the property of the operator unless the ATV:

(2) Notwithstanding subdivision (1) of this subsection, neither registration nor display of a TAD is required to operate an ATV:

(A) on the property of the owner of the ATV;

(B) in a ski area, off the highway, for the purpose of grooming snow, maintenance, or in rescue operations.; No. 121 Page 36 of 48 2020 VT LEG #349358 v.1

(C) for official use by a federal, State, or municipal agency and only if the all-terrain vehicle ATV is identified with the name or seal of the agency in a manner approved by the Commissioner.; or

(D) Solely on privately owned land when the operator is specifically invited to do so by the owner of that the property and has on his or her person carries the written consent of the owner.

(E) on frozen bodies of water as designated by the Agency of Natural Resources under the provisions of 10 V.S.A. § 2607. Notwithstanding section 3506 (b) (13) and (16), an ATV operator shall not be required to have insurance or protective headgear while on a frozen body of water.

EXPLANATION: When the changes to the ATV statutes were made in the 2020 Transportation bill (Act 121) we intended to mirror the snowmobile statutes closely. One omission was that was not included is the exemption for use on frozen bodies of water. It was not the intent of the Fish and Wildlife Department, VASA, or, we believe, the Legislative committees, to require a trail access decals, helmets or insurance for ATV use on these frozen bodies of water, just as we do not require them for snowmobile use in the same circumstances. VASA agrees with this change.

Sec. E.706. Administrative Costs for VASA Grants

23 V.S.A. § 3513 is amended to read:

§ 3513. LIABILITY INSURANCE; AUTHORITY TO CONTRACT FOR LAW ENFORCEMENT SERVICES

(a) The amount of 90 percent of the fees and penalties collected under chapter, except interest, is allocated to the Agency of Natural Resources for use by the Vermont ATV Sportsman's Association (VASA) for development and maintenance of a Statewide ATV Trail Program, for trail liability insurance, and to contract for law enforcement services with any constable, sheriff's department, municipal police department, the Department of Public Safety, and the Department of Fish and Wildlife for purposes of trail compliance pursuant to this chapter. The Departments of Public Safety and of Fish and Wildlife are authorized to contract with VASA to provide these law enforcement services. The Agency of Natural Resources shall retain for its use up to \$7,000.00 during each fiscal year to be used for administration of the State grant that supports this program.

EXPLANATION: The above language reinstates \$7,000 previously allocated to the Agency of Natural Resources and utilized by FPR for the State's role in overseeing and administering the statewide ATV trails program. This language was struck in Act 158 Sec. 28 of 2017, without consultation with the department despite the direct budgetary impact.

Sec E.711: Allowable Solid Waste Management Assistance Fund Transfer to ECF

10 V.S.A. § 6618(e) is amended to read:

(e)The Secretary may allocate funds at the end of the fiscal year from the Solid Waste Management Assistance Account to the Fund, established pursuant to section 1283 of this title, upon a determination that the Funds available in the Environmental Contingency Fund are insufficient to meet the State's obligations pursuant to subdivision 1283(b)(9) of this title. Any expenditure of funds transferred shall be restricted to funding the activities specified in subdivision 1283(b)(9) of this title. In no case shall the unencumbered balance of the Solid Waste Account following the transfer authorized under this subsection be less than \$300,000.00.

Explanation: Current law allows a transfer of Solid Waste Management Assistance Fund (SWMAF) to the Environmental Contingency Fund (ECF), however current statute limits the use of funds transferred to solely costs associated with expenditures to remediate Federal Superfund Sites (outlined under 1283(b)(9)). Given continued fiscal strains on the ECF related to all expenditure categories covered under 1283(b), including DEC obligations at Superfund sites, State-lead hazardous waste sites, brownfields, and hazardous waste spills, expanding this transfer will provide additional resources to the ECF to cover these costs (a sustainable funding stream has not been identified for the ECF) beyond the current hazardous waste tax (\$250k-\$300k annually; 32 V.S.A. Sec. 10103). Projected obligations and related costs from the ECF for the next few years are expected to range from \$2-3M; this change will provide resources needed to meet these obligations.

Sec E.711. Clean Water Ecosystem restoration funding timing

Sec. 8(a) of 2019 Act 76 is amended to read:

Sec. 8. TRANSITION

(a) Until ~~November 1, 2021~~ July 1, 2022, the Secretary shall implement the existing ecosystem restoration funding delivery program and shall not make substantial modifications to the manner in which that program has been implemented. The Secretary may give increased priority to meeting legal obligations pursuant to a total maximum daily load when implementing that funding delivery program. DEC is proposing to change the “Transition” date noted in Section 8 of Act 76 (2019). The original date is November 1, 2021, and the proposed revised date is July 1, 2022. The effect of this change will be to perpetuate, by eight months, implementation of Clean Water Initiative granting programs before discontinuing those programs in favor of four new Act 76-mandated programs.

Explanation: ANR request this change to: 1) Allow the Clean Water Board time to react to the revenue uncertainties associated with COVID-19. As written the CWB would need to allocate funding for these projects in the development of the FY 2022 budget this fall. This will shift the transition to FY 2023: 2) In order to allocate these funds, DEC needs to complete a large body of technical work, this work was delayed due to COVID-19. To successfully implement this DEC needs to time lost this spring: 3) Align the implementation of the new grants with the fiscal years. Transitioning funding models in the middle of a fiscal year would be administratively difficult.

Sec. E.900.1. EXEMPTIONS FROM TRANSPORTATION FUND BUDGET STABILIZATION RESERVES

(a) Transportation Fund amounts totaling \$44,596,927.34, reverted under the Secretary of Administration's carry-forward authority in 2020 Acts and Resolves No. , Sec. 48(a), are exempt from the fiscal year 2020 Transportation Fund appropriation total used to calculate the five percent budget stabilization requirement for fiscal year 2021 in 32 V.S.A. § 308a.

Explanation: Transportation Fund revenue reductions at FY2020 year-end have entailed reversions of FY2020 spending authority, which should reduce the amounts needed to fulfill the 5% budget stabilization calculation in 32 VSA Sec 308a.

Explanation: Standard practice for end-of -year reversions. Stabilization requirement should not include funds originally appropriated but reverted.

Sec. E.909. Transportation – central garage
