EXPLANATION: Technical adjustments for greater clarity.

Sec. E.130 AUDITS
(a) 32 V.S.A. § 168 is amended to read:
§ 168. SINGLE AUDIT REVOLVING FUND

(a)(1) The Single Audit Revolving Fund is established within the State Treasury, to be administered by the Auditor of Accounts, from which payments may be made for the costs of audits performed pursuant to subdivision subdivisions 163(1), and 163 (2), and 5404a(l) of this title subchapter and 24 V.S.A. § 290b.

(3) Any balance remaining in the Fund at the end of any fiscal year shall be carried forward and remain a part of the Fund.

(b)(1) The Auditor of Accounts shall charge the State department, agency, commission, instrumentality, political subdivision, or State-created authority audited for the direct and indirect costs of an audit performed pursuant to subdivision subdivisions 163(1), and 163 (2), and 5404a(l) of this title subchapter and 24 V.S.A. § 290b.

(b) 32 V.S.A. § 5404a is amended to read:
Tax stabilization agreements; tax increment financing districts

(l) The State Auditor of Accounts shall conduct performance audits of all tax increment financing districts according to a schedule, which will be arrived at in consultation with the Vermont Economic Progress Council. The cost of conducting each audit shall be considered a “related cost” as defined in 24 V.S.A. § 1891(6) and shall be billed back to the municipality pursuant to subdivision 168(b) of this title. Audits conducted pursuant to this subsection shall include a review of a municipality’s adherence to relevant statutes and rules adopted by the Vermont Economic Progress Council pursuant to subsection (j) of this section, an assessment of record keeping related to revenues and expenditures, and a validation of the portion of the tax increment retained by the municipality and used for debt repayment and the portion directed to the Education Fund.

EXPLANATION: These changes add 32 V.S.A. § 5404a(l), performance audits of TIF districts, to the allowable uses of the Single Audit Revolving Fund (SARF). This change will provide for a more consolidated, transparent, and streamlined accounting of TIF district audit costs. The removal of the language in § 5404a(l) concerning the TIF audit schedule is a result of that language serving no present purpose. First, the schedule of audits is established in statute under § 5404a(l)(1) and (2). Second, the SAO has already consulted with VEPC about the schedule that is established in statute.

Sec. E.224 AGRICULTURE, FOOD AND MARKETS – AGRICULTURAL DEVELOPMENT  
Of the funds appropriated in Sec. B.224 of this act, the amount of $594,000 in general funds is appropriated for expenditure by the Working Lands Enterprise Board established in 6 V.S.A. § 4606 for investments in food and forest system businesses and services providers pursuant to 6 V.S.A. § 4607 and consistent with the funding priorities in 2012 Acts and Resolves No. 142, Sec. 5, as amended by 2014 Acts and Resolves No. 179, Sec. Sec. E.236 POWERS AND DUTIES OF BOARD OF LIQUOR AND LOTTERY  
31 V.S.A. Sec. 651 is amended to read:
The Board of Liquor shall adopt rules pursuant to 3 V.S.A. chapter 25, governing the establishment and operation of the State Lottery. The rules may include the following:

(1) Types of lotteries to be conducted may include on-line lottery games known as e-instants and sports betting, provided that no lottery shall be conducted that depends upon the outcome of an athletic contest except that the lottery may be affiliated with a sporting event, or sweepstakes, where the outcome is determined solely by lot or random drawing and not by choice of the lottery participant.

(7) Lottery product sales locations, which may include State agency liquor stores; private business establishments, including first and third class licensed establishments except establishments holding first- or first- and third-class licenses pursuant to Title 7; fraternal, religious, and volunteer organizations; and town clerks' offices, and State fairs, race tracks, and other sporting arenas.

(8) Method for sale of tickets, provided that they may be sold only for cash, debit card or electronic transfer.

EXPLANATION: This statutory change would explicitly allow the lottery to offer additional lottery games including on-line lottery (which could draw all games, draw game subscriptions, e-instant games, and on-line winning ticket redemption). This statutory change would also remove the language the currently prohibits sports betting. This change would enable the lottery to offer Keno.

Sec. E.236.1 MULTIJURISDICTIONAL LOTTERY GAMES
31 V.S.A. Sec. 652 is amended to read:

(a)(1) In addition to the Tri-State Lotto Compact provided for in subchapter 2 of this chapter, and the other authority to operate lotteries contained in this chapter, the Board of Liquor and Lottery is authorized to negotiate and contract with not more than four eight multijurisdictional lotteries which includes international lotteries to offer and provide multijurisdictional lottery games. The Board may join any multijurisdictional lottery that provides indemnification for its standing committee members, officers, directors, employees, and agents.

EXPLANATION: This statutory addition would clarify that multijurisdictional lottery products could include games that are sold internationally. Powerball is looking to expand to sell internationally and this change would make clear that there is no prohibition on Vermont continuing to sell Powerball. A second change is the increase in the number of multijurisdictional games that could be offered from four to eight as there are additional multijurisdictional games available presently that could be of interest to Vermont lottery players.

In order to facilitate the end-of-year closeout for fiscal year 2022, the Secretary of Human Services, with approval from the Secretary of Administration, may make transfers among the appropriations authorized for Medicaid and Medicaid-waiver program expenses, including Global Commitment appropriations outside the Agency of Human Services. At least three business days prior to any transfer, the agency shall submit to the Joint Fiscal Office a proposal of transfers to be made pursuant to this section. A final report on all transfers made under this section shall be made to the Joint Fiscal Committee for review at the September 2022 meeting. The purpose of this section is to provide the Agency with limited authority to modify the appropriations to comply with the terms and conditions of the Global Commitment for Health waiver approved by the Centers for Medicare and Medicaid Services under Section 1115 of the Social Security Act.

EXPLANATION: Medicaid services are included in numerous appropriations within AHS, and outside of AHS. While best efforts are made accurately to project expenditures in each appropriation in the Big Bill, and refined again in the BAA, there is always a need at the end of the year to true-up to actual expenditures and activities. The JFC reporting requirement ensures that the legislature is aware of these adjustments. Standard language.

An emergency rule adopted under these exigent circumstances shall be deemed to meet the standard for the adoption of emergency rules required pursuant to 3 V.S.A. § 844(a).
EXPLANATION: In the event that changes in either state or federal law should necessitate changes to rules governing the Health Exchange, emergency rule making authority would be permitted.

** NATURAL RESOURCES **

Sec. E.702 10 V.S.A. 6094 is added to read:
§ 6094. ALLOCATION OF COSTS: DEPARTMENT OF FISH AND WILDLIFE
(a) Notwithstanding any other provision of law, the Department of Fish and Wildlife shall have the authority to bill the applicant for the costs of participating in any permit application before a District Commission, including the costs of employee application review, submissions, comments, and testimony before a District Commission related to impacts on natural resources under subsection 6086(a) of this title, including on wildlife or necessary wildlife habitat. The Department may recover those costs from the applicant after notice to the applicant, including an estimate of the costs of the personnel or services.

(b) From time to time, the Department shall provide the applicant with detailed statements showing the amount of money contracted for or expended on personnel and services. All funds for services under this section shall be paid directly to the Department.
(c) An applicant to which costs are allocated under this section may appeal costs assessed by the Commissioner to the Environmental Division pursuant to 10 V.S.A. chapter 220.

EXPLANATION: This language will allow DFW to bill Act 250 applicants for work to review permit applications for wildlife and habitat issues after notice to the applicant. Currently, any permit review costs are born by the Department’s base budget.

Sec. E.709 10 V.S.A. § 1283 is amended to read:
§ 1283. ENVIRONMENTAL CONTINGENCY FUND
* * *
(b) Disbursements under this subsection may be made for emergency purposes or to respond to other than emergency situations; provided, however, that disbursements in response to an individual situation that is not an emergency situation shall not exceed $350,000.00 for a response to a release of a hazardous material $400,000.00 for costs attributable to each of the subdivisions of this subsection, unless the Secretary has received the approval of the General Assembly, or the Joint Fiscal Committee, in case the General Assembly is not in session. Furthermore, the balance in the Fund shall not be drawn below the amount of $100,000.00, except in emergency situations. If the balance of the Fund becomes insufficient to allow a proper response to one or more emergencies that have occurred, the Secretary shall appear before the Emergency Board, as soon as possible, and shall request that necessary funds be provided. Within these limitations, disbursements from the Fund may be made:
* * *
(9) to pay costs of required capital contributions and operation and maintenance when the remedial or response action was taken pursuant to 42 U.S.C. § 9601 et seq.;

EXPLANATION: Current law authorizes the Secretary to spend up to $100,000 on each category of activities under the Environmental Contingency Fund (ECF; 10 V.S.A. 1283(b)). One contaminated site may expend money under multiple subdivisions, resulting in significant accounting issues without corresponding environmental or oversight benefits. This proposal eliminates the requirement to track expenditures by subdivision of activity and requires that we track expenditures for a contaminated site. The proposal also increases the amount that the Secretary can spend before receiving legislative approval from $100,000 to $350,000.

Sec. E.709.1 ENVIRONMENTAL CONTINGENCY FUND; PCB TESTING IN SCHOOLS
Notwithstanding 10 V.S.A. § 1283, of the funds transferred in Section D.101(a) of this act to the Environmental Contingency Fund, the Department of Environmental Conservation, in consultation with the Department of Health and the Agency of Education, shall use up to $5,000,000 to complete air indoor quality testing for Polychlorinated Biphenyls (PCBs) in public schools and approved and recognized independent schools.

EXPLANATION: Of the funds transferred to the ECF, DEC will utilize up to $5M to complete air indoor air quality testing for PCBs in consultation with VDH and AOE.

Sec. E.709.2 10 V.S.A. § 6618(e) is amended to read:
§ 6618. WASTE MANAGEMENT ASSISTANCE FUND (21285)
* * *
(e) The Secretary may allocate funds at the end of the fiscal year from the Solid Waste Management Assistance Account to the Fund, established pursuant to section 1283 of this title, upon a determination that the Funds available in the Environmental Contingency Fund are insufficient to meet the State's obligations pursuant to subsection 1283(b) subdivision 1283(b)(9) of this title. Any expenditure of funds transferred shall be restricted to funding the activities specified in subsection 1283(b) subdivision 1283(b)(9) of this title. In no case shall the unencumbered balance of the Solid Waste Account following the transfer authorized under this subsection be less than $300,000.00.
EXPLANATION: Current law allows a transfer of Solid Waste Management Assistance Fund (SWMAF) to the Environmental Contingency Fund (ECF), however current statute limits the use of funds transferred to solely costs associated with expenditures to remediate Federal Superfund Sites (outlined under 1283(b)(9)). Given continued fiscal strains on the ECF related to all expenditure categories covered under 1283(b), including DEC obligations at Superfund sites, State-lead hazardous waste sites, brownfields, and hazardous waste spills, expanding this transfer will provide additional resources to the ECF to cover these costs (a sustainable funding stream has not been identified for the ECF) beyond the current hazardous waste tax ($250k-$300k annually; 32 V.S.A. Sec. 10103). Projected obligations and related costs from the ECF for the next few years are expected to range from $2-3M; this change will provide resources needed to meet these obligations.
