Accounts Receivable Queries

VT_ACCOUNTS_RECEIVABLE_JOURNAL-VTBI007	
Purpose	Lists the current status of open accounts receivable pending items posted within a date range
Prompts	AR business unit, set ID, origin, and a range of posted dates
Columns	Posted date, entered date, business unit, item id, group id, user, customer, origin id, and amounts: control, entered, posted total and balance

VT_AR_ACCRUED_CUST_RECEIVABLES – AR Accrued Customer Receivable	
Purpose	Lists AR pending items posted to the general ledger within a date range. Does <u>not</u> include payment activity, but does include maintenance worksheet activity
Prompts	GL and AR business units, fund, dept ID, account and a range of journal dates
Columns	GL and AR business units, item information, all chartfields, accounting period, fiscal year, journal information, monetary amount, journal template, and customer

VT_AR_CUSTOMER_DEPS_QUERY – Customer Deposits	
Purpose	Lists customer activity posted within a date range. Includes pending items, maintenance worksheets, and payments.
Prompts	GL and AR business unit, fund, dept ID, account, and a range of journal dates
Columns	GL and AR business units, item information, all chartfields, accounting period, fiscal year, journal information, monetary amount, journal template, and customer

VT_AR_CUST_OPEN_ITEMS – Customer Open Items for a BU	
Purpose	Lists all open accounts receivable pending for a business unit and customer
Prompts	AR business unit, set ID, and customer id
Columns	AR business unit, customer, item id, accounting date, amount, entry type, entry reason, journal template, and status

VT_AR_DIRECT_JRNL_DEPOSIT – AR Direct Journal Deposits	
Purpose	Lists direct journal deposits and all associated chartfields. Includes only the revenue/expense side of the deposits.
Prompts	GL and AR business units, fund, dept ID, account, and a range of journal dates
Columns	GL and AR business units, item sequence, distribution sequence, all chartfields, affiliate, amount, line description, deposit id, accounting period, fiscal year, journal information, and journal template

VT_AR_DIRECT_JRNLS_QUERY – Direct Journals View	
Purpose	Lists direct journal deposits and all associated chartfields. Similar to VT_AR_DIRECT_JRNLS_DEPOSIT except that it also includes the cash side of the deposits.
Prompts	GL and AR business units, fund, dept ID, account, and a range of journal dates
Columns	GL and AR business units, item sequence, distribution sequence, all chartfields, affiliate, amount, line description, deposit id, journal information, and journal template

VT_AR_DIR_JRNL_BKACCT – Direct Journals w/ Bank Account and BU prompts	
Purpose	Lists all direct journal deposits for a business unit and specific bank account within a date range. You must know the specific bank account number before running the query because it will not let you browse account numbers.
Prompts	GL business unit, bank account, and a range of accounting dates
Columns	GL and AR business units, deposit id, date, payment id, payment and distribution sequence numbers, all chartfields, amount, journal information, and bank account number

VT_AR_DIR_JRNL_BK_PROMPT – Direct Journals w/ Bank Account Prompt	
Purpose	Lists all direct journal deposits within a date range for a specific bank account – all business units. You must know the specific bank account number before running the query because it will not let you browse account numbers. Similar to VT_AR_DIR_JRNL_BKACCT except it does not prompt for business unit and will report deposits from all business units.
Prompts	Bank account and a range of accounting dates
Columns	GL and AR business units, deposit id, date, payment id, payment and distribution sequence numbers, all chartfields, amount, journal information, and bank account number

VT_AR_JOURNAL_DRILLDOWN – Customer Deposits-Not Direct Journals	
Purpose	Lists deposit and pending item information for an AR journal related to customer deposits. You must know the specific journal id before running this query because it does not allow you to browse journal id's.
Prompts	GL business unit and journal id
Columns	GL and AR business units, deposit id, group id, item id, customer id, account, fund, Dept ID, journal id, accounting date, amount and posted date

VT_AR_PENDING_ITEM_QUERY – AR Pending Item Query	
Purpose	Lists online pending item information for a group id and item id
Prompts	Business unit, group id and item id. Can use % for both group id and item id, but this will return results back to the beginning of VISION and is not recommended. If % is needed for both fields, use the VT_AR_PENDING_ITEM_LIST query which also includes a date range prompt.

Columns	Business unit, group id, accounting date, origin, customer, item id, line, sequence, amount, all chartfields, deposit id
----------------	--

VT_AR_PENDING_ITEM_LIST – Pending Items for Date Range	
Purpose	Lists all online pending items for a date range. Similar to VT_AR_PENDING_ITEM_QUERY but it also prompts for a range of accounting dates.

Prompts	Business unit, group id, item id and range of accounting dates. Can use % for group id and item id. Since this query includes a date range, % may be used in both fields since it will only include the pending items within the specified date range.
Columns	Business unit, group id, accounting date, origin, customer, item id, line, sequence, amount, all chartfields, deposit id

VT_AR_TRANSACTIONS – AR Deposits & Pending Items	
Purpose	Lists accounts receivable transactions: both pending items and all types of deposits. Combines the results of the VT_AR_CUSTOMER_DEPS_QUERY and the VT_AR_DIRECT_JRNLS_QUERY into one report.
Prompts	GL and AR business units, fund, dept ID, account, program, and a range of journal dates
Columns	GL and AR business units, item id, item sequence, item line, all chartfields, affiliate, journal id and date, line description, amount, template, deposit id, customer id and customer name. For direct journal entries, the name Direct Journal Entry is used in place of the customer name.

VT_AR_OPEN_ITEMS_BU_AND_CUST– AR open items to be matched.	
Purpose	Lists AR open items to determine items that can be matched
Prompts	GL business unit, customer ID (may use % for all), set ID
Columns	GL business unit, customer, name, item ID, item balance, project, entry type, reason, account, fund, dept ID, sales person, collector, status

VT_CASH_RECEIPT_JOURNAL – Cash Receipt Journal	
Purpose	Lists all deposits for a business unit received within a date range
Prompts	AR business unit, set ID, deposit type (cash/checks, federal, wire, etc), deposit posting status (completely posted, not posted, etc.) and a range of received dates. Can use % for prompts.
Columns	Received date, AR business unit, deposit id, operator id, deposit type, bank account number, balance, posted status, control amount, entered amount, posted total, direct journal amount and customer id

VT_CUSTOMERS – Customers for a SET ID	
Purpose	Lists all information in the Customer record. Used to review basic information about one or more customers used by a business unit
Prompts	Set ID (business unit), customer id and customer status (% can be used for customer id and status)

Columns	All fields in the customer record are reported
----------------	--

VT_DEPOSITS_CHECK_BU – Check for Deposits in Wrong BU	
Purpose	Lists deposits where the business unit on the deposit is not the same as the deposit on the related item activity
Prompts	AR business unit (deposit bu) and posted date greater than
Columns	Business unit (bu on item id), customer id, item id, amount, accounting date, posted date, deposit business unit and deposit id

Accounting Entries

Possible situations when this report should be run: This report may be run at any time to review detailed accounting entry information by date at either a detail or summary level. The user may also select which chartfields are included on the report and in which order the columns will appear.

Business Unit Activity-Point in Time

Possible situations when this report should be run: The Business Unit Activity Point in Time report lists pending item and payment activity by business unit. It can be sorted and summarized in a variety of ways by choosing a specific process as indicated below:

- Entry Type (ARX60001P)
- Group Type/Origin (ARX60002P)
- Entry Type/Reason (ARX60003P)
- Activity Type (ARX60004P)
- Activity Type/Origin (ARX60005P)

The instructions below are the same for all versions and samples of each report's results are found at the end of this exercise.

Navigator Menu Navigation: Accounts Receivable > Receivables Analysis > Receivables Reports > Business Unit Activity-PIT

As of Date 12/31/2018 To Date 12/31/2018

Business Unit 01110

Summarize By Entry Type

Enter the following information on the Unit Activity-Point in Time page

- **Point in Time Type** – Defaults to YTD, accept as-is or select value from drop-down
- **As of Date** – Defaults to current date; accept default or enter the ending date for the report period (field not available if Range is selected)
- **From Date** – The value in this field is grayed out and changes depending upon the Point in Time Type and As Of Date selected; it is only available for entry when Range is selected.
- **To Date** – Equals As Of Date and is grayed out except when Range is selected
- **Business Unit** – Defaults to user’s default business unit; leave as-is or enter a valid business unit
- **Summarize** – Accept default. A selection in this field is overwritten by the specific report chosen from the Process Scheduler in the next step.

Customer Item Inquiry Report

Possible situations when this report should be run: The Customer Item Inquiry report generates a printed report of a customer's open items. This report uses the same navigation as Customer Item List inquiry which is viewed online. The online inquiry allows for viewing customer items in various statuses while the printed report includes only open items.

Navigator Menu Navigation: Accounts Receivable> Customer Accounts> Item Information> Item List

Item List page is displayed

Search Result Totals		
Debits	Debit Amount	Currency
Credits	Credit Amount	Currency
Total		Currency
Selected		Currency

The following are required fields:

SetID - Enter valid value or select value

Unit - Enter valid value or select value

Customer - Enter valid value or select value

Level - Leave default value of No Relationship

Status – Leave default of Open

Click Go

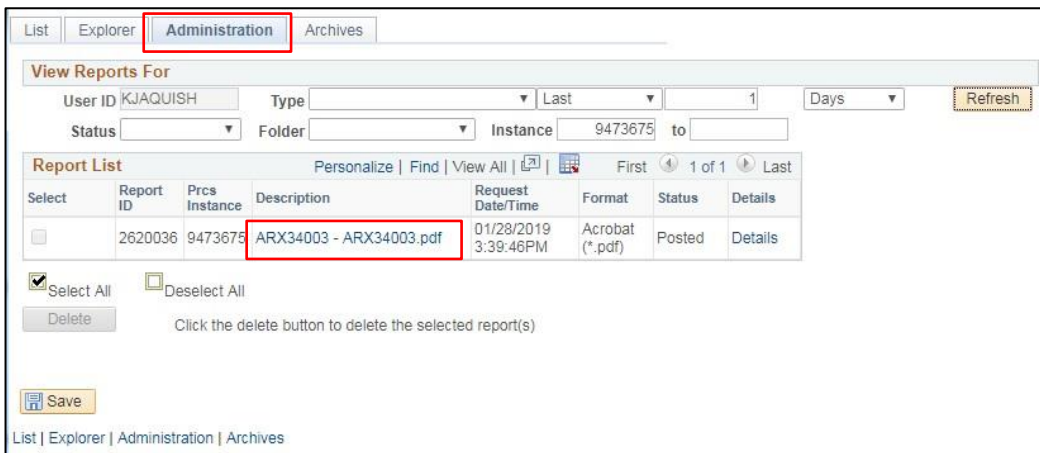

Message box appears which confirms the report is processing and gives the report request number

Click OK

Navigate to Report Manager to view the report: Reporting Tools > Report Manager

Click the Administration tab

Select ARX34003 PDF file

The report opens in a new browser window:

Business Unit		Customer		Balance		Reference		Accounting Date		Due Date		Dispute Status and Amount		Terms		Discount Date and Amount	
01110		ST012		2,279.00		USD		10/5/2018		10/5/2018		0.00		DUR		0.00	
FY1901110_ST012		FEES112618		1,450.00		USD		11/26/2018		11/28/2018		0.00		DUR		0.00	
				3,729.00		USD											

End Of Report

Customer Statements

Possible situations when this report should be run: Customer Statements list all open receivables for customers by business unit and are intended to be sent to customers monthly as a collection tool.

Workcenter Navigation: Accounts Receivable WorkCenter > Reports/Queries > Reports/Processes > Customer Interactions > Create Customer Statements

Or

Navigator Menu Navigation: Accounts Receivable > Customer Interactions > Statements > Create Customer Statements

Receivable Activity Report

Possible situations when this report should be run: The Receivable Activity Report lists pending items meeting certain specified criteria for one or more customers. For example, the user may choose to report on customer balances over or under a certain dollar amount, include only write-off items, and/or specify items to include based upon their chartfield values.

Enter information on the Receivables Activity page

- **Business Unit** – Accept default business unit, or enter/select a different business unit
- **Remaining Amount** – This field is two boxes. The first is for the mathematical equation and the second is the amount to compare to.
 - **First box** - Defaults to >= [greater than or equal to]. Accept default or enter/select a different mathematical equation symbol
 - **Second box** – Defaults to \$1. Accept default, or enter the amount to compare to
- **Customer ID** – Leave blank for all OR enter Customer ID to create report for just one customer
- **Only Write-off Activity** – Defaults to unchecked. Check if applicable.
- **Chartfields** – Enter the applicable chartfield values where indicated or leave blank for all
