Navigating to Transactions Pending Review and Approval

Approvers are responsible for reviewing expense transactions routed to them for approval. Approvers can see expense transactions ready for review and approval by either using their Worklist or by navigating to the Approve Transactions page. The Worklist and Approve Transactions pages can be accessed by navigating through the menu or by selecting the TE tile on the Home page.

- Alternate Approvers are for use ONLY in the case of extended absence.
- Worklists need to be clear of all pending transactions before an alternate is set up. (Designating an alternate does not re-direct transactions waiting for your review).
- Alternates are required to have Approver level security. Assigning an alternate does not grant that person security.
- The Alternate Approver should be someone in your organization who is either a peer or superior, not a subordinate.
- You will need to know the employee’s VISION user ID to designate them as an alternate approver.
- Only expense transactions will be routed to the alternate approver. Workflow transactions from other modules do not route to the alternate approver.

Situations when this function is used: Expense Supervisors need to set up an alternate approver prior to an extended leave of absence.
