Expense Reports

Create an Expense Report from Blank

The Basics:
Please refer to Bulletin 3.4 and your department's policy regarding Expense Reports.

- **Economy, prudence, and necessity** are of primary concern when planning and paying for travel and expenses

- **Preferred payment methods** - Whenever possible, Purchasing Cards (P-Cards) and direct supplier payments should be used to minimize employee reimbursements

- **Clear cache** - To minimize errors, delete temporary files and cookies by pressing Ctrl+Shift+Delete. This shortcut works in Internet Explorer, Firefox, and Chrome

- **Save for Later** - After every couple lines on your expense report, click the "Save for Later" button to prevent the "data inconsistent with database" error that prohibits you from saving or submitting

- **Timeliness** - All employees are expected to submit their Expense Reports within twenty (20) calendar days after completion of the travel event or the incurrence of a business expense

- **Separation of charges** - Charges for different expense types must be separated. For example, meals, internet access, phone charges, parking, etc. charged on a hotel room bill must be separated from the lodging expense and claimed against the applicable expense type on the employee’s expense report so the items can be charged to the correct VISION account

- **Date expense incurred** - Charges should be entered on the date they are incurred. In the case of a multi-night hotel stay, each day’s lodging expenses should be entered on the date of the stay - not on the date you checked out of the hotel

- **Taxable over 60 days** - Any item that is past 60 days is required to have a "Taxable" Billing Type and an Explanation of Late filing form: [http://finance.vermont.gov/forms/vision](http://finance.vermont.gov/forms/vision)

- **Receipts** - Receipts should be attached to the expense line. Refer to your department’s policy regarding handling of receipts

- **All out of pocket employment-related expenses must** be reimbursed through the Expense module and any reimbursements will be made directly into your direct deposit (balance or 999) account

**Situations when this function is used**: Employee has incurred employment related expenses that need to be reimbursed to you.
