VISION Expense Access Request Form Guide

This guide walks you through steps for Entering and Updating the VISION Operator Access Request Form. This form is used to grant access to the VISION Expense module and determines the security level around that access (i.e.: User, Expense Coordinator, Approver).

Completing the VISION Expense Access Request Form

**WorkCenter navigation:** Expense Coordinator WorkCenter > Links pagelet > Other Links > VISION Expense Access Request

**Navigator menu navigation:** Travel and Expenses > Manage Expenses Security > Expense Access Form > VISION Expense Access Request

The **Search/Fill a Form** page displays, click on the **Add a New Value** tab:

![Search/Fill a Form](image)

1. **Form** - Select VT_EX_ACC – Vision Expense Access Request using the look up feature
2. **Click Add**

The **Vision Expense Access Request Form** displays:

![Vision Expense Access Request Form](image)

**IMPORTANT** ENTER DATA IN FIELD ORDER FROM TOP OF FORM TO BOTTOM

**Section 1 - User Information**

It is **VERY IMPORTANT** to fill in this form from top to bottom, going back or not following the order could result in inaccurate data.
**Top Section**

**NOTE: All fields marked with an asterisk (*) are required.**

3. **Subject** - Enter the reason/description for this request (Ex: John Smith, 12345 new access)
4. **Priority and Due Date** - These fields are not used and will not affect normal processing time of up to 5 business days
5. **Status** - Defaults, this will indicate the status the form is in for the process
6. **Expense Coordinator EMPLID** - Employee ID number
7. **Expense Coordinator User ID** - Will default when the magnifying glass is selected based on Exp. Coordinator EMPLID
Section 1 - Employee Information

8. **Action** - Select an appropriate action
   - **Add Expense Coordinator**: This action sets up a new Expense Coordinator and can add Dept ID’s to a current Expense Coordinators access
     
     *Note: This access requires the Expense Signature Authority form to be completed and attached to this form using the attachment tab*
   - **ADD New User**: Choose this to create a new account One does not already exist)
   - **Chartfield Change**: This will update the users Chartfields only
   - **Supervisor Change**: This will assign or change the user’s supervisor
   - **Update User**: This will update an existing user. Update any fields that apply to the user
   - **Remove User**: This action will remove expense access for the user

9. **User Type** - Select one

   *Note: This field indicates whether this is an employee or non-employee (non-employees would only have the Supervisor role to approve reports)*

10. **Employee ID** - Employee ID number, leave blank for Non-Employees

11. **User First and Last Name** - User’s Full Name (First and Last)

12. **User Email** - This email should be the state email for the user. For non-employee’s, please list their business email

13. **GL Business Unit** - Enter the Agency/Department GL Business Unit

14. **User’s Existing Approver Empl ID#** - Please click on the field prompt (magnifying glass) to see if there is an existing supervisor in VISION. If there is an existing approver, the employee ID number will populate the field

15. **User’s Existing Approver User ID** - Please click on the field prompt (magnifying glass) if there was an Existing Approver EMPLID. If there is an existing approver, the employee ID number will populate the field

16. **New Approver BU** - Enter the business unit of the user’s new approver

17. **New Approver Empl ID** - This is the employee ID number of the approver for the user in Section 1

18. **New Approver User ID** - Enter the new approver’s User ID
Section 2 - Chartfield Information

This is the chartfield information that defaults into expense transactions.

19. **Fund** - Enter the employee’s default fund code. **Note: This is a required field**
20. **Program** - Enter the employee’s default program code, if needed
21. **Project** - Enter the employee’s default project code, if needed
22. **Class** - Enter the employee’s default class code, if needed

Section 3 - Approver (Supervisor) Information

Approver Information is required for adding a new user with Approver Security. Enter the names of the employees and their employee numbers of those the user will be approving expense transactions for. **If this requires more than the 8 fields provided, another form must be submitted.**

23. **Employee ID** - Employee ID that the User in Section 1 will be approving expenses for
24. **Employee Name** - Full name of employee that the User in Section 1 will be approving expenses for
25. **Existing Approver Empl ID** - Click on the prompt (magnifying glass) for this field to see if there is an existing approver in VISION for employee listed in field above
26. **Existing Approver Name** - Click on the prompt (magnifying glass) if there is a value in Existing Approver Empl ID field

Repeat the above steps for each employee the user will be supervising.
Section 4 - Expense Coordinator Access

Section 4 - Expense Coordinator Access Only  **This will require a Vision Expense Module Security Signature Authority Form**

Attachment required (see instructions for more information)

Note: If you require Dept ID's for DU 01100, you will not find them listed here, please specify the appropriate Dept ID's needed in the More Information section below.

If more than one Dept ID but not a range, please list out each Dept ID in the More Information field.

For Expense Coordinator Access ONLY - Required for adding and updating Expense Coordinator Security.

**All Expense Coordinators will need to have the VISION Security Signature Authority Form completed and attached to this request using the “Attachment” tab. The form can be located on our Finance and Management webpage at: http://finance.vermont.gov/forms/vision**

27. From Dept ID and To Dept ID: Enter the Department ID or range of Department ID's that the expense coordinator will need access to when reviewing and approving expense reports, travel authorizations (review only), and cash advances. All State employees have a default Dept. ID based on their position. Expense coordinators can only see reports for the Dept. ID’s that they are assigned to

- If an Expense Coordinator should have access to all Department ID's type "ALL" in the MoreInformation section below
- If the expense coordinator needs multiple but not all Dept ID’s, give the range here or indicate in the More Information section which Dept ID’s the Expense Coordinator should have access to for approvals
- To delete access to a Department ID type "Dept ID - delete" in the additional information section below
More Information

Please add any notes, or any additional information here that will help us better understand your request and process this request efficiently.

Double check the request to make sure that all fields contain the correct information and that all proper documentation is attached. This step is important because once a requester submits a request, they will not be able to access it again unless it is denied by VISION Support. Additionally, VISION Support cannot change any information that is entered by the requester so if anything is entered incorrectly or entered into the wrong fields, the request will be denied by VISION Support and sent back to the requester for correction and resubmission.

28. Click **Save**

Scroll to the top of the form, the Preview Approval and Submit buttons become available at the top of the form:

29. Click **Submit** - All requests will be handled by the date/time in which the requests are received. Processing times run anywhere from the same day to five business days.
Check the Form Status

Check the status of your requests using queries

VT_EXPENSE_SECURITY_FORM - This query allows you to find a form using a date range.
VT_EXPENSE_SEC_BY_FORM_NBR - This query allows you to find a form using the form number.
Either query returns the following fields: Form Number; Requester; Subject; Expense Coord; GL Unit; ID; Employee Name; Action Requested; Date Submitted; Status; Date Last Updated; Comments.

VT_EXPENSE_FORM_ALL_FIELDS – This query allows you to search for a form using a date range, form status, and a range of form numbers. The query returns all fields on a form except the Comments field.

Once a request for a new user is approved and processed, the user will receive an email from VISION Support containing their log in information.

Questions may be sent to FIN.VisionSecurity@vermont.gov
